Ready for Take Off Preparation for FIFO

This workshop has been designed to enable Aboriginal people to be better informed when entering a FIFO role. The workshop aims to better prepare Aboriginal employees for both the lifestyle changes and the many challenges that are associated with working in a FIFO role.

The workshop will include information about what to expect both on and off-site and will include success stories from other Aboriginal people currently working in the industry, the strategies they used to maintain their employment, what to expect and how to be fully prepared when considering a FIFO role.

Summary:

This workshop will provide participants with a greater understanding of the FIFO lifestyle, identify the rewards, benefits and challenges; and be able to develop strategies to overcome challenges and capitalise on both career development and financial opportunities.

“The workshop aims to better prepare Aboriginal employees for the many challenges that are associated with working in a FIFO role.”
